

Dean's greetings

The Vocational College represents a component of the Hungarian system of talent management, constituting a distinct legal institution and a self-active association within the Hungarian higher education system. Its objective is to establish an optimal environment for its constituents, namely students of higher education institutions, thereby enabling them to attain high professional standards that meet international standards.

The Selye János Szakkollégium (Selye János College) is a centre of excellence for full-time, part-time, undergraduate, master's and postgraduate students of the Faculty of Health Sciences at the University of Miskolc.

The institution offers a training programme to its most talented and dedicated members, equipping them with the necessary skills to embark on fruitful careers in scientific research and publication. The programme is designed to foster the development of individual competencies and creative thinking, in addition to instilling essential skills in effective teamwork, self-management and career progression. The programme is designed to foster not only personal and professional development, but also to cultivate social skills, build social networks, and foster a sense of community and collaboration among participants.
